

About Us

GMARS Tech Solution is an advanced digital platform designed to streamline pharmacy education, laboratory experiments, assessments, and institutional management. It bridges the gap between theoretical knowledge and practical pharmaceutical applications.

This modern platform transforms pharmacy education by combining digital innovation with practical learning, ensuring better outcomes for students, teachers, and institutions.

Features

- ✔ Digitize pharmacy practical experiments and procedures
- ✔ Provide structured learning modules for students
- ✔ Enable online/offline assessments and examinations
- ✔ Maintain secure, compliant student academic records
- ✔ Enhance transparency and communication between teachers and students
- ✔ Improve overall efficiency in pharmacy education and lab management

System Requirements

Recommended Minimum Hardware

- ✓ Processor: Intel i3 / Ryzen 3 or higher
- ✓ RAM: Minimum 4GB (8GB recommended)
- ✓ Storage: 20GB free space
- ✓ Display: 1366×768 resolution or higher

Software

- ✓ Operating System: Windows 10/11 or latest macOS
- ✓ Browser: Google Chrome, Microsoft Edge, or Firefox (latest versions recommended)
- ✓ Internet: Stable connection (minimum 10 Mbps)

Mobile Compatibility

- ✓ Android 9+
- ✓ iOS 13+

Access & Login

Access is provided through secure institutional credentials. Each registered institution receives:

- ✓ Unique Admin Account
- ✓ Teacher Accounts
- ✓ Student Accounts

Login Process

- ✓ Use Registered Email ID / Unique User ID
- ✓ Secure Password
- ✓ Upon successful login: User Profile icon appears in the top-right corner

Profile Options

- ✓ Edit Profile
- ✓ Change Password
- ✓ View Activity Log
- ✓ Logout Securely

The dashboard provides role-specific controls, analytics, and quick access features.

Teacher Mode

Empowers faculty with powerful management tools.

Key Features

- ✓ Create and manage experiments/study materials (PDF, Video, Images)
- ✓ Assign practical tasks and monitor submissions
- ✓ Conduct and assign online exams
- ✓ View student performance analytics, progress charts, and internal assessment marks
- ✓ Generate reports (PDF/Excel) for attendance, performance, and lab monitoring
- ✓ Manage attendance and provide feedback

Teachers can track:

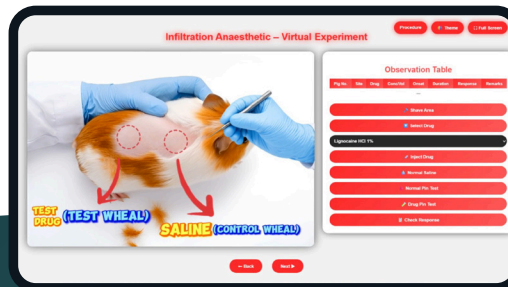

- ✓ Practical submissions
- ✓ Exam scores
- ✓ Student progress
- ✓ Lab experiment monitoring

Student Mode

Provides structured, guided learning for students.

Key Features

- ✓ Access learning modules and view practical procedures
- ✓ Submit experiment records
- ✓ Attempt online tests/exams
- ✓ Download study materials
- ✓ View results, performance reports, grades, and marks
- ✓ Track completed experiments
- ✓ Monitor attendance status
- ✓ Receive teacher feedback and notifications

Exam Mode

Secure digital examination system.

Key Features

- ✓ MCQ and descriptive questions
- ✓ Randomized question bank
- ✓ Time-bound exams
- ✓ Auto-evaluation for objective tests
- ✓ Instant result generation
- ✓ Detailed performance analysis
- ✓ Export results to Excel
- ✓ Robust security to prevent cheating and unauthorized access

Data Privacy & Compliance

GMARS adheres to strict data protection standards.

Key Features

- ✓ Secure data encryption
- ✓ Role-based access control
- ✓ Compliance with educational data policies
- ✓ Regular data backups
- ✓ Confidential handling of student records
- ✓ Audit logs for all system activities
- ✓ Institutional data never shared without authorization

Why Choose GMARS Tech Solution?

- ✓ Pharmacy & academic-specific design
- ✓ Seamless lab and academic integration
- ✓ Secure and scalable architecture
- ✓ Easy to use interface
- ✓ Real-time analytics and reporting
- ✓ Institution-friendly features

This modern platform transforms pharmacy education by combining digital innovation with practical learning, ensuring better outcomes for students, teachers, and institutions.
